Basic Radio Operations

Read this reference guide completely before attempting to operate the unit.

Turning Your Radio On/Off

Press and hold the **MENU/⏻** button to turn your radio ON/OFF.

Adjusting the Volume

Adjust the volume by pressing the **▲** and **▼** buttons.

Adjusting the Sound (Key Beeps)

Your radio emits a beep each time one of the buttons is pressed (except the PTT button).

Press and hold the **▼** button while turning the radio ON to switch the sound OFF.

To turn this sound ON, turn the radio OFF and ON again without pressing the **▼** button.

Selecting a Channel

In order to speak to someone, both your radios must be set to the same channel.

To select a channel:

1. **MENU/⏻** button to enter Menu.
2. **▲** or **▼** to the required channel.
3. Press **PTT** button to confirm the selection.

Talking on Your Radio

1. Hold your radio 5–8 cm from your mouth.
2. Press and hold the **PTT** button while speaking. The  appears on the display.
3. Release the **PTT** button. You can now receive incoming calls. When you do, the  appears on the display. To respond, repeat procedure from step 1.

Note: When you continue to transmit for 60 seconds, the radio emits TX Time Out tone and the  icon flashes. The radio will stop transmitting.

Navigating through the Menu

1. To enter the Menu, press the **MENU/⏻** button.
2. Additional presses of the **MENU/⏻** button will advance you through the Menu.
3. To exit the Menu function, do one of the following:
 - a. Press and hold the **MENU/⏻** button.
 - b. Press the **PTT** button.
 - c. Wait 10 seconds until the unit automatically returns to "Normal" mode.

Features on Your Radio

Call Tone

Your radio is equipped with a call tone.

To transmit a call tone, press the  button.

Channel Scan Mode

Enables your radio to scan for active channels. When activity is detected, your radio lands (stays) on that channel (for 2 seconds). To transmit on that channel, press the **PTT** button. When activity on the landed channel ends, your radio continues scanning other channels.

To turn the channel scan ON:

1. **MENU/⏻** to enter Menu. Advance until  blinks.
2.  to turn ON channel scan.

MENU/⏻ or **PTT** to turn OFF Scan mode.

Key Lock

Press and hold  until  appears to lock the keypad.

Press and hold  until  disappears to unlock the keypad.

Monitor Mode

Enables you to listen for weak signals on the current channel.

To turn the Monitor Mode ON:

1. **MENU/⏻** button to enter menu. Advance through the menu until  icon blinks.
2. Press the  button for continuous listening. The  icon continues to blink.

To turn the Monitor Mode OFF:

Press the **MENU/⏻** button to return to "Normal" mode. The  icon stops blinking.

Roger Beep

Sounds to indicate the end of a **PTT** transmission. It can be heard through the speaker when Key Beep is on. It cannot be heard through the speaker if Key Beep is turned off.

Press and hold the **▲** button while turning the radio ON to turn the Roger Beep ON. Repeat the step to turn Roger Beep OFF.

Automatic Power Save

For better battery life, your radio is designed to switch to Power Save mode when there has been no transmissions after 3 seconds. The radio can receive transmissions in this mode.

3	446.03125	7	446.08125
4	446.04375	8	446.09375

Warranty Information

The authorized Motorola dealer or retailer where you purchased your Motorola two-way radio and/or original accessories will honour a warranty claim and/or provide warranty service.

Please return your radio to your dealer or retailer to claim your warranty service. Do not return your radio to Motorola. In order to be eligible to receive warranty service, you must present your receipt of purchase or a comparable substitute proof of purchase bearing the date of purchase. The two-way radio should also clearly display the serial number. The warranty will not apply if the type or serial numbers on the product have been altered, deleted, removed, or made illegible.
